LIVJOT SINGH ARORA OF MILESTONE ACADEMY MAKES A HISTORICAL ACHIEVEMENT

It is indeed a proud moment for Livjot Singh Arora of Class V of Milestone Academy, Bhilai for being granted permission by the Chhattisgarh State Board of Education to appear and take the exams of Class X commencing in April 2021.

It is also a proud moment for the parents; Mrs. & Mr. Gurwinder Singh Arora, the School Director, Dr. Mrs. Mamta Shukla; the Academic Director Mrs. Shubham Shukla; Principal Mrs. Saroj Naik (Class I to XII); Mrs. Hema Gupta (PG to UKG) and the entire Milestone Academy, Bhilai fraternity. Heartiest congratulations to the student, proud parents and the teachers for this achievement.

The student has exhibited extraordinary potentials right from the onset of his schooling. He always voluntarily took the challenge of solving the Maths paper of the Senior Classes every year from Class III. When in Class IV he meritoriously solved the Class VIII Maths paper, this talent was realized, nurtured and fostered by the collaborative efforts of the parents and the School Director!

The 11 year old Livjot has an excellent memory and recall power. He developed oratory skills par excellence under the guidance of his grandfather. He is thankful to his grandfather and parents, for having contributed to his development and physical fitness. He qualified at International Level in Under 9 Chess Tournament. He also was trained in running and different kinds of physical exercises.

Livjot meritoriously qualified examinations conducted by different agencies. The parents noticed his flair for solving difficult problems in Mathematics and answering questions pertaining to the senior classes when his elder sister was being taught at home. His father further motivated him to solve questions by different ways and methodology. He was also asked to teach others the same concepts in addition to create new questions on the topic. This enabled Livjot to develop further interest and equipped him with analytical skills. However, he was never put under mental pressure during examination.

On watching a news headline about a student of a lower class of a different State being permitted to appear for class X Secondary examination; the seed was sown in the mind of the parents and they toiled in the same direction such that Livjot could follow this role model.

Dr. Mrs. Mamta Shukla, Director ; Ms. Shubham Shukla; Academic Director ; the Principals, Mrs. Saroj Naik (I to XII) & Mrs. Hema Gupta (Pre Primary Classes) and the entire team of Milestone Academy thank the CGBSE for having granted him the official permission for him to appear for the Chhattisgarh Board Secondary Examination. Milestone Academy congratulates Livjot for making this historical record in this Steel City.
